

Disney Marching Band Rehearsals

We will begin marching rehearsals during class the week of March 23. That means you have two weeks from today to memorize your music. We will use some (not all) class days between 3/23 and 4/3 for marching practice.

In order to get all the trip performers together we must practice after school. It is not practical for us to do this until after the musical. I also do not want to do this after athletic practices are over, because I don't want us to be out on the street after dark. With your cooperation we can make these as quick and efficient as possible.

The following dates have the least amount of conflicts. I have talked to Coach Lingle and Coach Siders already and will attempt to contact the remaining coaches this week. You should also talk to your coaches individually about missing a portion of practice on these days. The ones I have talked to have been very understanding. Students who work have three weeks to notify your employer to adjust your hours or have someone cover for you.

I would like to hold each of these rehearsals to between 3:20 and 4:00.

Monday, March 30 (Home softball game)

Tuesday, March 31 (Girls track meet - home, Softball away)

Thursday, April 2 (Boys track meet - away)
